Launching at the World Cup!:
Take Home a Souvenir and Leave a Legacy!

ReMade's first collection – **ComFYie keychains** - is making its debut at the **World Cup Fan Zones in Los Angeles!** Our limited-edition collection is designed and produced by our LA foster youth team in our LA Dream Factory in Boyle Heights. These ComFYies are made in Los Angeles, crafted from 100% recycled materials, and designed and manufactured by foster youth to support foster youth. This is our College Collection, so every purchase helps equip graduating foster youth with the tools they need for success, including laptops, backpacks, educational supplies, and peer mentorship that support their college year.

Upcycled Goods. Uplifted Lives.

Meet our ComFYies! Buy a World Cup souvenir and leave a legacy! iFoster's circular textile social enterprise trains and employs foster youth in product design and remanufacturing with sales funding foster youth needs.

Meet Us at the World Cup!

We opened our doors in May and were invited to showcase our Custom ComFYies at the LA World Cup Fan Zones in June! From design to prototyping to production in under a month! We are (almost) ready with custom ComFYie keychains!

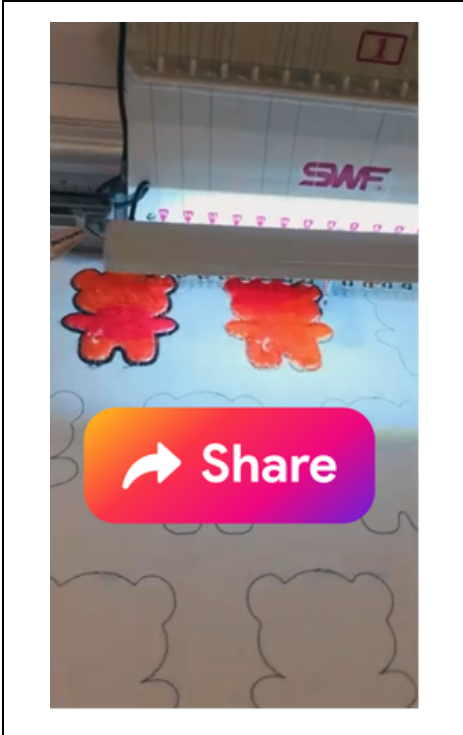

Come by our booth at these World Cup Fan Zones:

[LA's Heart of City Fan Zone](#) – *El Pueblo Side, June 26, 27, 28*

[Magic Johnson Park](#), *July 4, 5*

[Whittier Narrows](#), *July 9, 10, 11*

Follow our journey here and on Instagram and TikTok:

From Design to Product

Before we can enroll our first cohort of foster youth apprentices in product design and advanced manufacturing, we need to learn ourselves. Our former foster youth staff are hands-on learning to create product designs using AI and various software to design 3D to 2D to vector patterns. Learning how to create intricate, unique fabric colors using sublimation. And managing high tech equipment like our fully automated embroidery machines using software tools. All so they can be our peer trainers for when our first youth trainees start in the fall.

We had thought we would spend the summer learning, but the LA World Cup came calling and we jumped in! We could not miss the opportunity to showcase foster youth on the world stage

Win a Limited Edition ComFYie Keychain!

We're raffling a select few of our limited-edition World Cup ComFYies. Like and share our journey creating our ComFYies and going to the World Cup on social media, and you will be automatically entered into our raffle to win one.

Toys that Leaves a Legacy.

Plushies are in! Whether it's the "warm hug" effect, the photogenic virality of plush on social media, or brand exposure as a plushie hangs off bags or sits on desks or gets cuddled at home, cause marketing is all about plush these days. With iFoster ReMade ComFYies – your company mascot delivers not only brand recognition but sustainability and investment in the future of our most vulnerable kids.

Showcase your brand not only as a cute, lovable plush toy, but one that is sustainable – made from recycled material – and one that invests in your community!

iFoster ReMade foster youth team can custom design your brand plush or work from your company mascot. We can give it the ComFYie super lovable look.

One of our team will work with you on design and prototyping. If you are in the LA area, you can drop by and see your ComFYies come to life in person!

And you can design where ReMade proceeds are directed – to foster youth in your community or nationwide – and for what specific purpose: education, employment, basic needs, extracurricular activities, etc. We are happy to help by providing you with local, regional and national statistics on # of children in foster care and their needs.
